The date for the fifteenth annual Alumni Banquet has been set. This year it will be on Saturday, May 28, 1966, in the high school gym. We are asking for bids from any organization that may be interested in serving same. A Board meeting will be held on Wednesday, April 13, to complete plans, so bids should be turned in to President James LaGrow before this date.

Did you know that we have a complete family of 11 that graduated from G. H. S.? We take pride in saluting them—the Brady's — Frances, 1929; Joseph, 1931; Anne, 1933; Helen, 1934; Jerome, 1936; Richard, 1938; Jean, 1940; Monica, 1943; Mickey, 1945; Sally, 1947; and Robert, 1949. Isn't that something? No drop-outs in this family.

We have some more complete families in our files that I will tell you about in the next weeks before the banquet. Sure would be nice for some of them to turn out together and be recognized by the rest of us. Mailing lists have been seint out to several of you this week. Some of you had them last year and did a good job in helping with the addresses and mailing which we appreciate. Classes used to be 10 and 12. Then 30 was a big class. Now we are graduating 60 to 70. Sure is a stack!

Clean-Up Drive April 15 - May 15

Volunteer workers for the Clean Up Drive which is to be held from April 15 to May 15 met at the City Hall last Friday afternoon. A complete canvass of the city is planned and those attending were assigned areas to personally contact everyone and urge them to do all that is possible to clean up, paint up and beautify.

Again folks are urged if they plan to tear any building down to notify the Grayling Housing Commission, 348-9314 so that before and after pictures can be taken.

Letters are being sent to all on the water meter mailing list explaining what the clean up committee is trying to accomplish and asking for cooperation. Look around you and see what you can do to improve your property.

This project is a combined effort of the City of Grayling, Housing Commission and Citizens Participation Committee.

Vicki Wells, a Junior at GHS, won first place in the Original Oratory contest with a score of 98%. Second place honors went to Hanne Happ, an exchange student from Germany, who is spending the year at Onaway High School. She received a rating of 91%. Janice Beery, with a 90% rating, placed third and is an alternate to the state contest.

The Declamation Contest was won by Ken Misiak of Alpena Catholic Central. Second place went to Gail Hunter of Grayling. Third place went to Mary Gardiner of Grayling. The three speakers received ratings of 96%, 95% and 94% respectively.

In Boys' Extempore Speech, Bob Ashman of Grayling placed second, losing to Terry Carlson of Roscommon, whom he had previously defeated in the District Contest at Lake City. Third place regional honors went to Gary Ellery of Alpena High School.

First place in Reading Theatre went to Harbor Springs. Grayling High, with a unit composed of Mike Worden, Kay Jansen, Dave McEvers and Terry Wright, placed second. Third went to Alpena High. Since each district could enter one unit each in this contest, only the first place regional winner will compete in the state finals.

Other local winners were as follows: John Sorenson, third in Radio News Broadcasting; Gayle Feldhauser, third in Girls' Extempore Speech; Carol Miller fourth in Girls' Extempore Speech; and Dane Madsen, fifth in Humorous Reading.

The Regional Contest was run as a double elimination tournament. Contestants had to place in the first two rounds of competition in order to be eligible to compete in the finals. The top four contestants only compete din the regional finals. Grayling contestants did exceptionally well, with all except the Humorous Reading Contestant, making it successfully into the finals.

Judges for the Regional Contest were from North Central Michigan College and Central Michigan University. More than sixty students participated as contestants. The first place winner in Reading Theatre and the first and second place winners in the other seven contests will now compete for the state championships at the University of Michigan, Ann Arbor, on Saturday, April 23rd.

PLAN RABIES CLINIC FOR DOGS

There will be dog clinic held on Thursday, April 14 from 1 p. m. to 6 p. m. in the Grayling Fire Hall in the new City Hall Bldg. Rabies shots will be administered by an authorized veternarian for $2.00 per dog. If possible phone 348-9095 today for an appointment if you plan to bring your dog in. In this way enough vaccine will be on hand for all.

If your dog was given the shot in 1965 it is not necessary in 1966. The shots are two year shots.

A county ordinance has been passed requiring proof of a rabies shot in order to get a dog license in 1966 and thereafter. The shots to be given April 14 will be applicable for next year's license, please bring in your dog. This will be the only clinic here this year.

Rabies is an acute infectious disease of mammals characterized by irritation of the central nervous system followed by paralysis and finally death.

Rabies is an acute virus disease that can be communicated from dogs to man and other mammals. This disease is sometimes known as hydrophobia. The disease runs its whole course in about a week. The dog becomes dull and uneasy and seeks isolation, sexual excitement becomes very strong. He is snapping, restless and thirsty.

A "Mad" dog does not usually foam at the mouth. The disease is transferred only through mucus and saliva. As the disease continues, the dogs run aimlessly, attacking every creature it meets . . in silence. Even if hurt, the dog cannot squeal or howl as he is voiceless. Soon paralysis becomes evident between paroxysms. The tail and head droop and the tongue protrudes. The dog dies in a state of paralysis and coma. A child if bitten, dies in the same manner.

Bloodmobile To Be Here April 19

The Red Cross Bloodmobile will be in Grayling on April 19, 1966 from noon until 6 p. m. at the Legion Hall. For an appointment call Derek McEvers, 348-4471.

Crawford County participates in the Regional Red Cross Blood Program serving 36 counties in the mid-Michigan area, with headquarters in Lansing. Through bloodmobile visits in these counties, blood and blood derivatives are provided for all residents.

Crawford County Chapter of the American Red Cross, along with all other Red Cross chapters, is being asked to recruit additional donors, according to Derek McEvers. This will insure this chapter's ability to meet its share of the needs of the Department of Defense, as well as normal civilian needs.

Last year, volunteer donors in the Lansing Region gave over 75,000 units of blood through the Red Cross. In Crawford County, 430 pints were donated. At the present time, the Lansing Regional Blood Program has already provided the equivalent of approximately 700 pints of blood for the Department of Defense.

Red Cross chapters throughout the nation are recruiting additional volunteers to assist with the added blood collections for the Defense Department, and at the same time maintain the regular civilian blood program.

Viking Thinclads Working Hard

Members of the 1966 Grayling High Viking track team have been hard at work under coach Don Ferguson getting in shape for the coming season. They also are hoping for warmer weather in order that the track and field event areas at the Grayling Memorial Recreation Area can be gotten in condition and they can get outdoors.

The team faces at least a ten meet slate this spring with possibly another one or two thrown in. They get off on Tuesday, April 19 at home entertaining Gaylord, Mancelona and East Jordan. On April 22, Roscommon will be here; on April 26, Grayling travels to Charlevoix where they will be joined by East Jordan and Boyne City for a quadrangular meet with the host Red Rayders; on May 4, Grayling will travel to Houghton Lake to meet the Bob Cats and Harrison; May 10, Grayling goes to Gaylord to meet with the Blue Devils and Charlevoix and Mancelona. April 30, will be the Central Michigan Relays at CMU at Mount Pleasant with the Regional Meet at Traverse City on May 14 and the Conference Meet set for May 16 at Charlevoix and the State Meet at CMU on May 21.

12 letter winners will anchor this year's squad. They are: Mike Corlew in the hurdles, Mark Day in the dashes; Doug Wilson in the broad jump and 220; Dave Bailey in the dashes; Steve LaGrow in the mile; Dave McEvers also a miler; Dave Nethers in the hurdles; Ken Halstead in the half mile; Bill Gould in the hurdles; Pete Funck in the pole vault; Steve Englund in the shot put and Dave LaGuire in the 440.

Others who have showed up well and are expected to strengthen the team's scoring are: Tony Ellison in the distances; Chauncey Carr in the shot put; Paul Mauren in the distances; Rick Holmes in the hurdles and field events; Randy and Richard Meoak in the distances; Mark Smith distances; Bennie Pettyjohn in the 440; Terry Shepherd in the 880; Allen Lowe in the dashes and hurdles; Howard Wilson in the distances; John Horning in the 440; JJohn Hunter in the shot put; Arnold Pelton in the distances and relays and Richard Rutkowski in the 440 and distances.

Most of these later named boys are freshmen and should bring strength to the Vikings cinder lanes for three more years. In fact, this year's squad only has two senior members. They are Mark Day and Ken Halstead. Thus prospects for next year and for two more years to come look quite bright for the GHS runners.

Some 49,000,000 Americans now living will eventually develop cancer — one in four persons at present rates. Only one out of three will be saved, but the American Cancer Society says that with present knowledge, one out of two could be saved. An annual health checkup for every adult, making possible early detection and treatment, could accomplish this.

We Have Such A Drug"

April is Cancer Control Month by Presidential proclamation. During this monthh the American Cancer ciety is seeking funds for important programs of research, education and service. It is also seeking someng even more important for the immediate pres— to communicate.

t would be just as appropriate to designate April Cancer Communication Month. Why? As a distinshed health officer said recently: "If someone inted a drug that would cure half of the present cases cancer, the excitement would be beyond belief. We e such a drug: It is communication."

An estimated one-half of all cases of cancer could be ed by finding them soon enough and "doing for m what we already know how to do." However, one-third is being saved, largely because the inidual does not go to his doctor in time for early gnosis.

The problem of eliminating the gap between oned and one-half — of adding 95,000 lives to the ,000 now saved each year — is difficult. It is a blem of communication and motivation. Too often are unable to persuade people to act in their own lth interest — to present themselves in time for ly diagnosis and treatment of cancer. At minimum, s means a health checkup at least once a year.

During April, volunteers of the American Cancer Society will be calling on you. They will ask for funds to support life-saving programs in cancer control. They wil urge you to have a health checkup now — if you have not already had one — and to do so every year.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

April 8, 1943

Monday election day, was one of the most disagreeable days of the season. A high velocity wind with low temperature no doubt kept many people at home. The vote in all townships was light. The vote in the City of Grayling was only 295, the lightest since Grayling was incorporated a city. There was little or no upset as far as the city ticket was concerned. With councilmen to be elected to be chosen out of a group of six candidates left little opportunity for choice. One must be eliminated from among the six. The general satisfaction with the city administration quite assured the election of the present incumbents. Clarence (Tony) Gross was elected to fill the vacancy for Frank Sales, who declined to be a candidate. Following is the way the city ticket was voted: Burns, 166, Burke, 195, Carlson 228, Clough 140, Gross 224, Milnes 244.

Michigan's essential wartime home canning goal for 1943 totals 525,610,600 quarts. This huge job facing the state's 1,383,186 housewives represents an average of 100 quarts of home-packed food per person, the amount the United State Department of Agriculture has recommended for rural families and which it considers desirable also for urban families. Any housewife who meets this goal will assure each member of her family two cups of home-canned food daily for about seven months. Price Administrator Prentiss M. Brown reported that only 13,000,000 cases of commercially canned foods would be available to civilians each month this year as compared to 30,000,000 cases a month last year, a reduction of 57 per cent.

The conservation department's inland lake mapping program has progressed to the point where cottage owners on 1,000 of Michigan's 6,000 inland lakes may now decorate their cottages with colored maps of the lake on which they are situated. The maps are necessary for planning improvements in the lakes fisheries, and copies are available for public distribution at cost. A catalog of the lakes mapped is available from the department's fish division.

In the shuffle of counties of the several legislative districts, Otsego county has been joined with Crawford, Presque Isle, Montmorency, Oscoda and Roscommon counties. It is presumed the change will materialize in time for the next legislative session. Otsego county was paired with Cheboygan. The latter in the new setup is now joined with Emmett, with John Guggisburg of Gaylord as its representative. For the Presque Isle district the representative is William Green of Hillman. Now that these two representatives will reside in Presque Isle District, the next election time there may be a merry contest between these two popular representatives.

How much hot water did you use today?

Now you can see why it pays you to have a Gas water heater.

The average family of four uses up to 100 gallons of hot water daily. And it costs far less to heat it with gas.

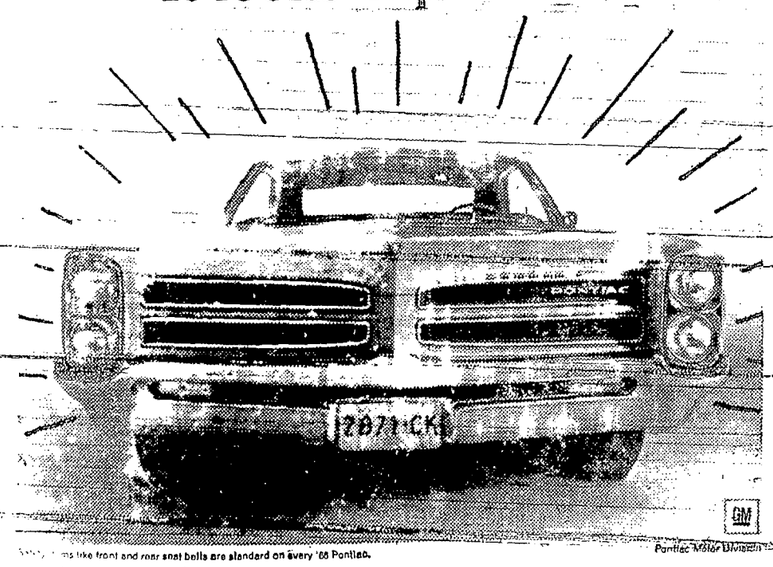

You only need a heater half as big, because gas heats water faster, replaces the hot water you use quicker. How come? The heat is a direct flame. An electric unit takes longer. The heat must go through a coil.

And remember when you already have gas in your home, a gas water heater costs less to install than an electric one. See the newest, money-saving gas water heaters at dealer, plumber or Michigan Consolidated Gas Company showrooms.

We have a problem with our Catalina we just can't fix.

It looks expensive.

It looks so expensive that a lot of people don't realize it's priced right down there within reach of most low price buyers. Which sort of makes you wonder why you should buy a low-priced car when you can buy a high-priced car for the same money. A Pontiac Catalina.

Survey Shows That Crawford County Families Move Less Often

'EW YORK — Residents of wford County apparently find the grass is greener right re they are.

eir record shows that they do moving about from one locali to another than people in most ts of the country.

Read The Avalanche"

The findings are based on data compiled by the Census Bureau. The purpose was to determine the extent of internal migration in the United States and to discover why people dig up their roots in one place to take up residence somewhere else.

The national picture appears to be one of high mobility. In a period of just one year, from 1963 to 1964, no less than 36 million people, nearly one out of every five in the population, moved to new addresses.

Crawford County residents are less transient than that. Some 2,534 of them were found to be in the same houses that they had been living in five years before, according to a detailed study based on data gathered in the last census.

The number of local people who did move during the five-year period totaled 1,872. Of these, 747 merely changed to other locations within the county. Another 1,125 came in from other areas to take up local residence.

No figures are available to indicate how many may have left the county to live elsewhere.

It boils down to the fact that only 42 out of every 100 people in Crawford County were living in different houses after a period of five years.

This mobility rate, 42 percent, was lower than the rate reported for the United States as a whole, 47 percent.

The rate in the East North Central States was 46 percent and, in Michigan, 44 percent.

The Census Bureau lists a number of circumstances to account for the restlessness shown by so many Americans. Sometimes it is changing moods that account for the shifts. City residents get the urge to live in the suburbs and those in the suburbs decide to try urban living.

Economic considerations are a frequent cause. Better working conditions in another area, or a drying up of a source of livelihood in his present location, may lead a person to move.

Change in social status is another. Marriage, as well as the breakup of marriage by divorce or death, account for much of the moving.

Toepp Announces For 36th Senatorial District

Former State Representative, John F. Toepp (Tepp) of Cadillac, announced today that he would be a candidate for the State Senate in the 36th Michigan Senatorial District. At the same time Toepp announced that he had resigned as executive aide to Senator Emil Lockwood and the Michigan Senate Republicans.

Senator Guy VanderJagt is vacating the seat to seek nomination in the 9th Congressional District.

In announcing his decision for the Senate, Toepp said, "I am deeply grateful for the confidence shown me by the Mecosta County Republicans. And after traveling over 2,000 miles and visiting with each chairman or vice-chairman, I am now convinced that the moral and financial support will be behind my candidacy."

Last month, Wayne Wortley, Mecosta G. O. P. chairman, initiated a "Draft Toepp for the Senate" campaign without Toepp's knowledge. Wortley wrote to each G. O. P. chairman and vice-chairman within the 15 county district seeking support for the Cadillac Republican "because we will need Toepp's experience and knowledge," he said.

Mail:

A letter from Rep. "Al" Cederberg was read by Chum Longworth regarding the launching of the submarine GRAYLING, and requesting a list of persons who expect to attend this launching at the Portsmouth Naval Shipyard in New Hampshire. Mr. Longworth agreed to investigate the cost of the trip and interested persons.

Mr. Thompson asked the manager to write to our State Legislature relative to our wanting the archery season to include shooting for does and bucks.

Don Welser reported that preliminary work on the new list of Crawford County Accommodations has been started, and that it should be printed within the next few weeks.

Mr. Longworth reported that his expenses to the Michigan Chamber of Commerce Executives Meeting in Detroit were $126.16 and this should be included in next year's budget.

Plans for the AuSable River Cleanup by the Michigan Skin Diving Council was discussed in detail. It was the unanimous decision of the Board that this is a most worthy project. Contacts are to be made with AuSable Property Owners Association, Canoe Livery Association, and Grayling Sportsmans Club to ascertain if these groups would join with the Chamber in covering the costs of a dinner to be served May 15 to the Michigan Skin Diving Council after the river cleanup.

Mr. Longworth was instructed to invite City Manager Harold Cliff to the next Board Meeting in regard to the I-75 Business Loop bottleneck.

The immediate goal of the American Cancer Society is the annual saving of 285,000 lives or about half those who develop cancer each year. This is the number that could be saved if the cancer was diagnosed early and promptly treated. "That," the Society says "is why an annual health checkup by a physician is so important."

Attend The Church Of Your Choice

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Naturally, you've wondered! Easter is a Christian festival, and chicks are barnyard fowl. How did they get together?

And eggs, for that matter—how do they fit in?

And the lively bunny . . . what made him part of it all?

These are symbols of LIFE. And life is the theme of Easter.

Christ was dead! Christ lives! His resurrection promises life to men.

We would not expect a fact of such import to be remembered only in history. It has touched farm and home, community, nation, family . . .

It affects *our* lives—the humble and the mighty. Easter is God's call to worship and faith. A time to re-dedicate your life!

"IN MEMORY"

In loving memory of Elizabeth Cassel, who passed away three years ago April 5, 1963.

This is a day of memories:
We travel back through years.
We live again as in the past
And smile through gentle tears.
Events that were quite commonplace
Now shine star-touched and clear.
Her lovely face we see no more
Today is with us here.
We wish so much we could relive
Those years of long ago;
Could gather in our arms again
The one we loved so dear.
But though we cannot bring her back,
She lives within our hearts;
Rich pleasures gathered from the past
From us will never part.

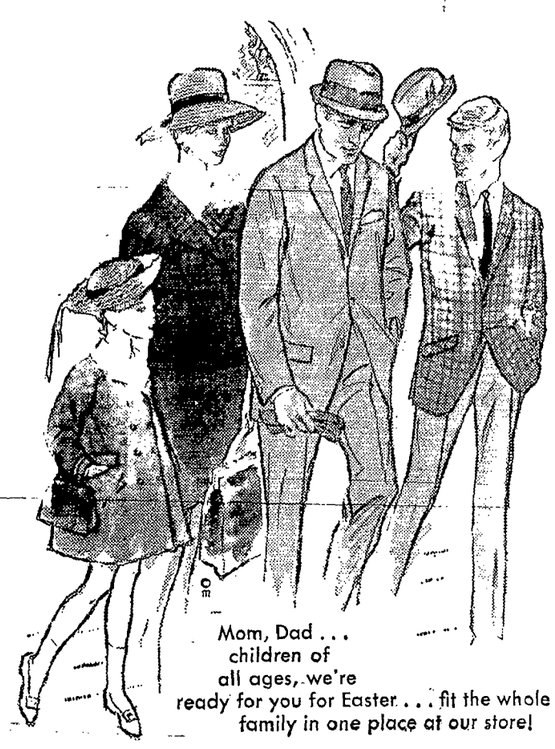

Sadly missed by her family.

CARD OF THANKS

I wish to thank Dr. Dosch and Mercy Hospital staff for their care, friends and relatives for their cards notes, flowers and gifts while I was ill.
